Event & Hire Products

E.J. Hadaway has been manufacturing and supplying hot forged and machined metal products to the Event & Hire industry for many years.

This includes a range of 24mm marquee pegs in standard sizes which are in stock and can generally be available for despatch the next day.

Special sizes can also be made and available in 1- 2 weeks.

We also manufacture;

- **Tent Peg Wackers** (suitable for use with various machinery)
- **Tent Peg Pullers** (which can make the removable of the pegs after your events effortless).

Other parts needed for can be manufactured, based on your Event's specific requirements
